Subject: FW: SMU story about earthquakes

In case like me you missed the news on TV. :-)

The report they are talking about is the one by Howe Justinic, et al. We have had the online prepublication version for awhile. This morning (before I even saw this) I pulled down the supplemental information and the publication details. They are already incorporated (track changes) in the report. :-)

Nancy:
I thought you might need to know about this story:

<http://www.smu.edu/News/2013/brian-stump-earthquakes-04dec2013>

Hope to see you Monday.

Patty
